Grand Opening At White's Stores, Inc.

White's Stores, Inc., opened recently in the Triangle Plaza Shopping Center, celebrated with a Grand Opening Friday and Saturday of last week. The Grand Opening was a big success, with Mayor Henry Pack on hand to do the honors at the ribbon cutting. Miss Appomattox on hand to greet visitors, and valuable prizes given away on Saturday.

Present for the Grand Opening, shown above left to right, were Charles Wallace, constructor of the building; Mrs. Christine Rowehl, mother of Mrs. Miller; Donna Miller; Mayor Henry Pack; Floyd Eggleston, local banker; Miss Lynn White, Miss Appomattox for 1975; Bill Jamerson; Mr. Carl Miller, owner; Chris Miller, son of the owners; Mrs. Carl Miller; and Herb McCain, White's representative.

We welcome, as always, a new business to our growing town.

Involved with in-service activities within schools, left to right above, are Howard Bryan, Chairman Vocational Education Department; Mrs. Shirlee Loomer, Art Supervisor from State Department of Education; Mrs. Calvert Poole, Chairman of Kindergarten 2 Department; and Dr. Steve Thomas, Madison College.

Teacher In-Service Activities

The summer vacation enjoyed by Appomattox County's more than 2900 school students draws to end this week. However, many of the teachers have not shared such free time because they have been enrolled in summer classes. Each year, the school division schedules three extension classes to be held in the county for the teachers and to be taught by college-personnel. In addition to these classes, teachers enroll in on-campus night classes during the winter and on-campus day classes during the summer.

Continuing enrollment in classes for instructional personnel is the result of an individual's desire to expand his background of information in his chosen field, become endorsed for teaching in another area, renew his teaching certificate, or attain a higher degree. Today's regulations require that holders of Bachelors Degrees earn six semester hours college credit each five years for certificate renewal; whereas, holders of Masters Degrees must earn six semester hours of college credit each ten years.

An important part of an educator's professional growth is involvement in in-service activities within his school and on the countywide level. Principals' annual school plans include bringing in resource persons from the State Department of Education or from other sources. This allows for concentrated attention on a curriculum area that the staff has indicated a desire for assistance.

The countywide organizational plan for instructional departments provides for classroom teachers to meet in groups which may benefit from the same type of in-service plans but somewhat differently from that of the individual school. The department leadership is assumed by an elected teacher who makes plans for the three annual meetings. The first meeting of the session was held on Monday afternoon.

Concord Garden Club Held August Meeting

The Concord Garden Club met August 11, 1975, at the home of Mrs. Arne Olsen with Mrs. Charles Graf as co-hostess.

After the meeting was adjourned a luncheon was given in honor of Margaret Davidson. Mrs. Davidson, who is moving to Covington, is currently serving as President of the Club.

The next meeting will be at the home of Mrs. Josephine Booth with Mrs. Louise Hancock co-hostess, Sept. 8, 1975.

ANNOUNCEMENT OF INTENT TO PERFORM

ANNOUNCEMENT OF INTENT TO PERFORM FLOOD ELEVATION STUDY

The Federal Insurance Administration of the U.S. Department of Housing and Urban Development announced today that under authority of the National Flood Insurance Act of 1968, as amended, (P.L. 90-448) and the Flood Disaster Protection Act of 1973, (P.L. 93-234) it will fund a detailed study of the floor hazard areas in Appomattox County, Appomattox and Pamplin City.

The study will be perfomed for the Federal Insurance Administration by CH2M HILL, INC., of Reston, Virginia.

The purpose of this study is to examine and evaluate the flood hazard areas in the communities which are developed or which are likely to be developed and to determine flood elevations for those areas. Flood elevations will be used by the communities to carry out the flood plain management objectives of the National Flood Insurance Program. They will also be used as the basis for determining the appropriate flood insurance premium rates applicable for new buildings and their contents, as well as determining the rates to be used for the second layer of insurance on existing buildings and contents.

This announcement is intended to notify all interested persons of the commencement of this study so that they may have an opportunity at a public meeting to bring any relevant facts and technical data concerning local flood hazards to the attention of the Chief Executive Officer of the community for forwarding to the appropriate representatives of the Federal Insurance Administration.

The meeting for Appomattox and Pamplin City will be held in the County Clerk's Office in Appomattox, Virginia, at 7:00 p.m. on 11 September 1975.
